THE EAGLE

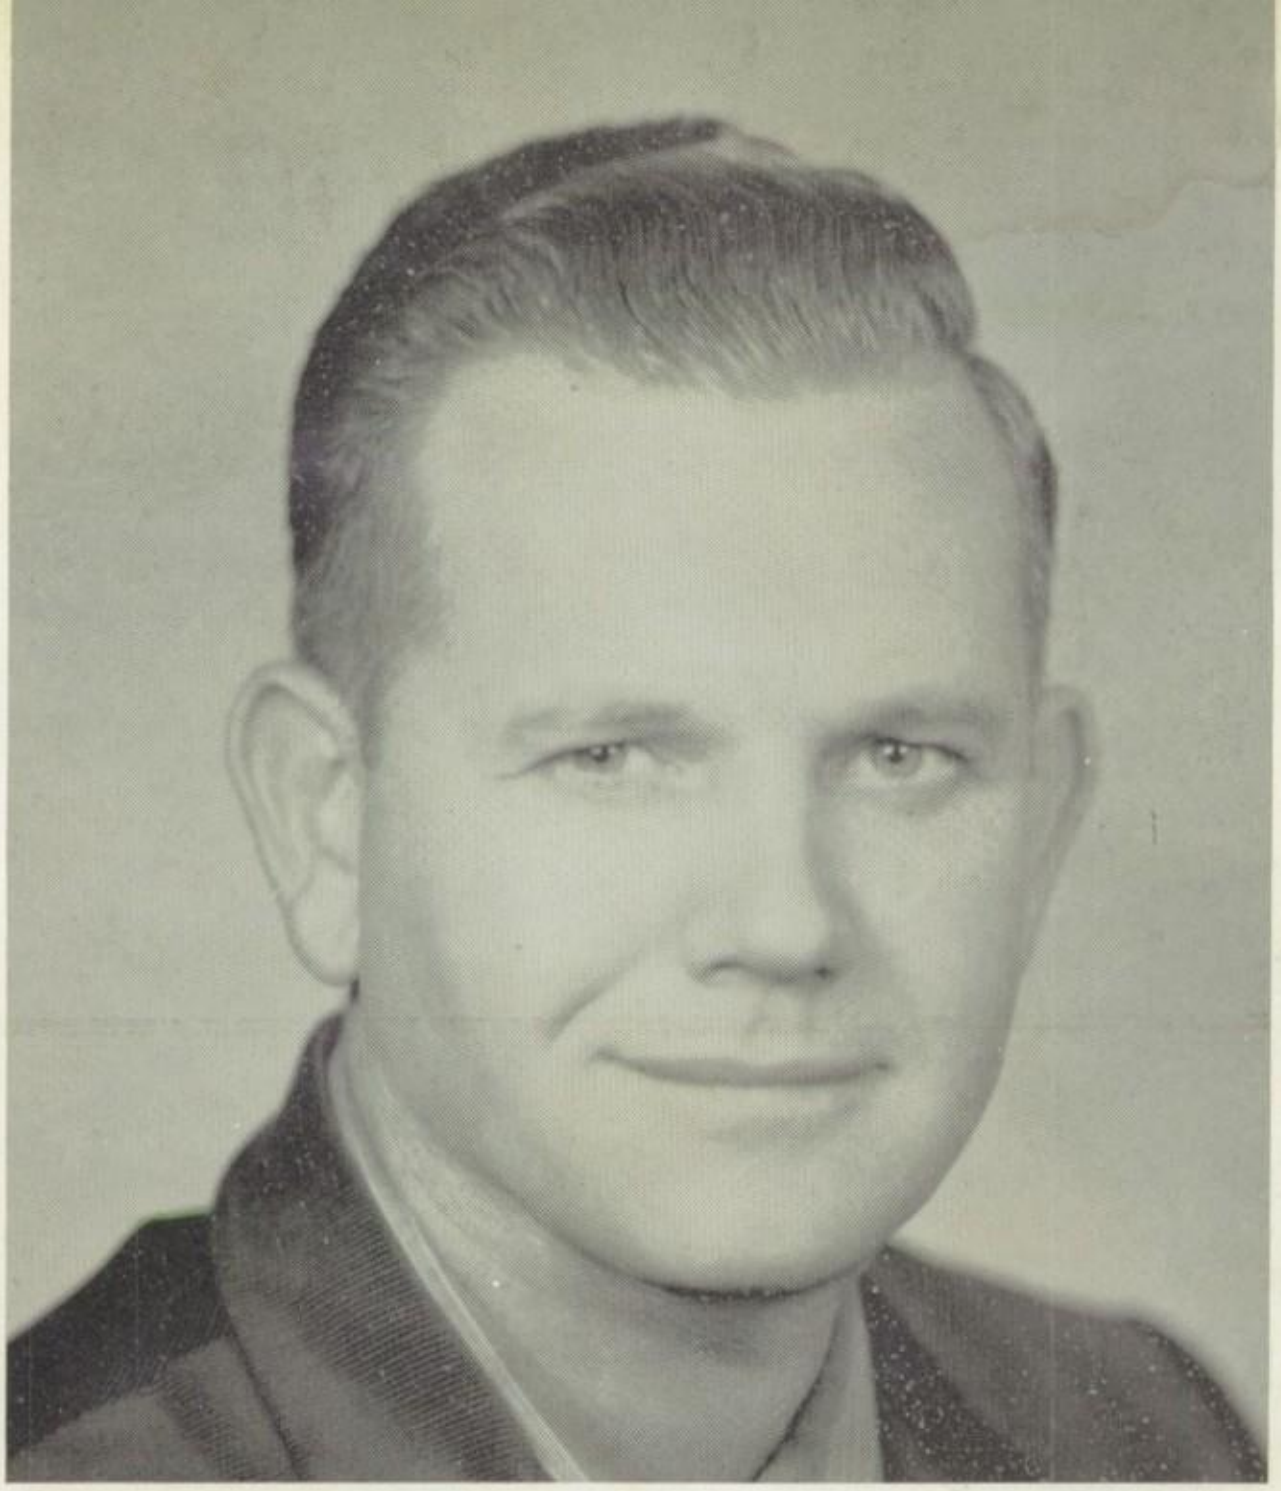
Dedication

WE DEDICATE THIS 1958 EAGLE TO THE STUDENT BODY AND TO THE SPIRIT OF FREEDOM . . .

. . . the freedom we have as young Americans to follow our separate stars to the goals we have chosen in life . . .

. . . for we shall know the truth, and the truth will make us free.



Superintendent's Message

By associations with your friends, you have become aware of the importance of loyalty and co-operation. You have learned that to be successful in making lasting friendship and in making adjustments in various fields of endeavor, you must have these and other desirable traits.

You have to be reared in an age which has been geared to speed and acceleration. But in all the rush you have not been deprived of an abundance of health, happiness, ambition, aspiration, and opportunities. Although some may not have adequately used these opportunities for self-betterment, all have many and varied skills. Some are of great use now; others will be after further study and learning. With the assets you possess seek further prosperity and security. Use to the greatest extent possible your talents to become stronger individuals, physically, mentally, socially, and spiritually.

Nanis Bidwell

Principal's Message

Working with youth is always a challenge to me, for what the young men and women in our schools learn, how they are trained to think, and what attitudes guide their actions will determine the future of this nation.

Graduating from high school marks another milestone in the game of life. Each day will present new possibilities, and it will be up to you to make the best of the opportunities that confront you from day to day. Strive to keep your ideals high.

When decisions are hard to make in this game of life, remember Proverbs 3:5-6; "Trust in the Lord with all thine heart and lean not unto thine own understanding. In all thy ways acknowledge Him, and He will direct thy paths."
